

# GOPINATH A

AI • Data • Cloud • Full Stack

Corporate Technical Trainer & GenAI Mentor

## PROFILE

Versatile **10+ years experienced Technical Trainer, Data Engineer, and AI/Analytics mentor** with hands-on expertise across **Databricks, Generative AI, Data Engineering, Data Analytics, Data Science, Cloud, Cybersecurity, Full Stack Development, and Business Intelligence**. Certified in **Databricks Data Engineering** and aligned with modern AI engineering practices including LLMs, RAG, prompt engineering, Python-based GenAI applications, and responsible AI adoption.

**Generative AI & Machine Learning** – GenAI with Python, prompt engineering, LLM applications, RAG concepts, NLP, ML, deep learning, and AI productivity tools

**Data Engineering & Analytics** – Databricks, Spark, SQL, ETL pipelines, data warehousing, data modeling, Power BI, Tableau, Excel, and dashboard storytelling

**Full Stack & Programming** – Java Full Stack, MERN, MEAN, C, C++, Java, Python, JavaScript, React, Node.js, Express, MongoDB, and API development

**Cloud, Cybersecurity & Industry Skills** – Azure, AWS, GCP, cloud fundamentals, cybersecurity, ethical hacking awareness, data governance, and secure analytics

**Training & Enablement** – Faculty development programs, corporate workshops, academic bootcamps, placement-oriented training, and hands-on project mentoring  
Known for converting complex industry technologies into **practical, project-based learning**, I help students, faculty, and professionals become job-ready across software

## EDUCATION & CERTIFICATIONS

✦ **MBA in Business Analytics (2018 - 2020)** – Specialization in **Data-Driven Decision Making**

✦ **BE in Electronics & Communication (2014 - 2018)** – Strong foundation in **Technology & Engineering**

✦ **Certifications:**

✓ Databricks Certified Data Engineer Associate

✓ Databricks Lakehouse Fundamentals

✓ Generative AI Engineering with Python

✓ Prompt Engineering, LLMs & RAG Applications

✓ Microsoft Certified: Power BI Data Analyst Associate (PL-300)

✓ Azure Data Engineering & Cloud Fundamentals

✓ Python, Machine Learning & Deep Learning Certification

## EXPERIENCE

**Technical Trainer | Data Engineer | AI & Analytics Mentor (2015 – Present)**

✦ Delivered 10+ years of technical training across software development, data, AI, cloud, analytics, and industry-ready technologies.

✦ Designed hands-on programs for Java Full Stack, MERN, MEAN, Python, C, C++, SQL, Excel, Power BI, Tableau, and analytics projects.

✦ Conducted GenAI, ML, deep learning, and Python-based faculty development programs for colleges and professional learners.

✦ Mentored learners on cloud, cybersecurity, ethical hacking awareness, data engineering, Databricks, BI dashboards, and capstone projects.

## TRAINING & ACADEMIC EXPERIENCE

**All-Round Technical Trainer & Faculty Development Mentor**

- Conducting **corporate, academic, and faculty development training** across AI, data, cloud, cybersecurity, software development, and analytics
- Teaching **Java Full Stack, MERN, MEAN, C, C++, Python, Java, SQL, Excel, Power BI, Tableau, Data Science, Data Analytics, and Data Engineering**
- Delivering **GenAI with Python, Machine Learning with Python, Deep Learning, NLP, prompt engineering, and RAG-based learning programs**

**Corporate & Academic Training**

development, AI, analytics, cloud, data engineering, and emerging digital skills.

## LOCATION

Bangalore

## CONTACT

PHONE:  
8553299836  
EMAIL:  
[Gnath3144@gmail.com](mailto:Gnath3144@gmail.com)

## COLLEGES WORKED

New Horizon College of Engineering  
JAIN University  
RV College of Engineering (RVCE)  
RNS Institute of Technology (RNSIT)  
REVA University  
PES University  
BMS College of Engineering  
M.S. Ramaiah Institute of Technology (MSRIT)  
Christ University  
Dayananda Sagar University  
CMR Institute of Technology  
Acharya Institute of Technology  
Alliance University

## CORPORATES WORKED

Infosys  
Wipro  
Tata Consultancy Services  
Accenture  
Capgemini  
Cognizant  
HCLTech  
Tech Mahindra  
Bosch  
Siemens  
Deloitte  
EY

- **Trained 5,000+ learners** across colleges, universities, corporate teams, and placement programs
- Delivered sessions at **New Horizon, JAIN University, RVCE, RNSIT, REVA, PES, BMS, MSRIT, Christ, and other Bangalore institutions**
- Conducted **industry workshops** on AI, GenAI, full stack development, cloud, cybersecurity, BI, analytics, and data engineering

### Hands-On Learning with Case Studies

- **GenAI Knowledge Assistant** – Built Python-based LLM/RAG workflow demonstrations for faculty and student workshops
- **Retail Analytics Dashboard** – Built Power BI and Tableau dashboards for sales forecasting and KPI tracking
- **Data Engineering Pipeline** – Demonstrated SQL, Spark, Databricks, and cloud data pipeline concepts using practical datasets

## SKILLS & TOOLS

### AI, Generative AI, Agentic AI & Applied Machine Learning:

Generative AI, Agentic AI, Prompt Engineering, LLMs, SLMs, RAG, LangChain, LangGraph, LlamaIndex, OpenAI API, Azure OpenAI, Google Gemini, Claude, Hugging Face, Ollama, MCP, AI Agents, Vector Databases, Pinecone, ChromaDB, FAISS, NLP, Computer Vision, TensorFlow, PyTorch, Scikit-learn, XGBoost, Deep Learning, MLOps, MLflow, Model Evaluation, AI Governance, Responsible AI

### Data Engineering, Databricks, Big Data & Analytics Engineering:

Databricks, Apache Spark, PySpark, Delta Lake, Lakehouse, Unity Catalog, SQL, NoSQL, ETL/ELT, Data Warehousing, Data Lakes, Data Modeling, Star Schema, Snowflake, BigQuery, Redshift, Azure Synapse, Microsoft Fabric, Hadoop, Hive, Kafka, Airflow, dbt, Fivetran, Informatica, Talend, SSIS, Data Quality, Data Cleansing, Data Governance, DataOps

### Programming, Full Stack, Web, Mobile & Software Engineering:

C, C++, Java, Python, JavaScript, TypeScript, HTML5, CSS3, Bootstrap, Tailwind CSS, React, Angular, Vue.js, Next.js, Node.js, Express.js, Spring Boot, REST APIs, GraphQL, Microservices, MongoDB, MySQL, PostgreSQL, Oracle, Firebase, Git, GitHub, Agile, Scrum, SDLC, Design Patterns, DSA, System Design, Testing, Selenium, Postman

### Cloud, DevOps, Platform Engineering, SRE & Automation:

AWS, Microsoft Azure, Google Cloud Platform, Azure Data Factory, Azure DevOps, Docker, Kubernetes, Terraform, Jenkins, GitHub Actions, GitLab CI/CD, Ansible, Linux, Shell Scripting, PowerShell, CI/CD, DevSecOps, Platform Engineering, Site Reliability Engineering, Monitoring, Logging, Prometheus, Grafana, Cloud Security, FinOps, Cloud Cost Optimization, Serverless, API Gateway

### Business Intelligence, Data Visualization, Low-Code & Productivity

#### Tools:

Power BI, Tableau, MS Excel Advanced, Power Query, Power Pivot, DAX, VBA, Macros, Looker Studio, Qlik Sense, Python Dashboards, KPI Dashboards, Data Storytelling, Business Analytics, Power Apps, Power Automate, SharePoint, Microsoft 365, Copilot, Notion AI, ChatGPT, Canva AI, AI Productivity Workflows

### **Cybersecurity, Ethical Hacking, Compliance & Risk:**

Cybersecurity Fundamentals, Ethical Hacking, Network Security, Web Application Security, OWASP Top 10, Vulnerability Assessment, Penetration Testing Concepts, SOC Basics, SIEM, Splunk, Wireshark, Nmap, Burp Suite, Metasploit, IAM, Zero Trust, Cloud Security, Security Awareness, GRC, Compliance, Risk Management, Incident Response

### **Training Delivery, Curriculum Design & Industry Readiness:**

Corporate Training, Faculty Development Programs, Bootcamps, Placement Training, Train-the-Trainer, LMS-Based Learning, Blended Learning, Hands-On Labs, Capstone Projects, Hackathons, Case Studies, Assessments, Rubrics, Technical Content Development, Interview Preparation, Resume Building, Portfolio Projects, Soft Skills, Communication, Critical Thinking, Collaboration

#### **Training Formats**

Corporate Upskilling Programs  
Faculty Development Programs  
Placement-Oriented Bootcamps  
Hands-On Project Workshops  
Train-the-Trainer Sessions

### **DELIVERY MODES**

Classroom Training  
Online Instructor-Led Training  
Hybrid Training Programs  
Weekend / Fast-Track Batches
